

# INDUSTRIAL AIRHORNS

## ACOUSTIC

## Acoustic Signals Industrial Air Horns > AP Series

### Product overview

The AP Series of air horns are suitable for general purpose signalling where high output is required such as foundries, steelworks and petrochemical plants. Operated from a

compressed air supply their powerful low frequency sound cuts through background noise to provide an effective alarm. Optional compressor available for applications which do not have an on-site air supply.

### Features

- Continuous signal
- Optional compressor if no direct air supply available
- 125 dB at 1m
- Robust construction
- IP66

### Material

- Aluminium body
- Brass horn
