

INDUSTRIAL BELL

ACOUSTIC

Acoustic Signals Industrial Bells > Adaptabel Series

Product overview

The Adaptabel range is a high quality solenoid driven bell designed for use in commercial, industrial and transportation applications. With a choice of three gong sizes, this unit delivers a clear, loud ring which is free from

mechanical clatter. The bigger the gong, the deeper, louder and more penetrating the sound. When fitted with the optional back box, the units are weatherproof and suitable for mounting in exposed locations. Red version available in 6" 24v Dc.

Features

Supplied with a universal mounting plate for all installation option

Rugged die-cast construction

Robust and reliable

Wide range of voltages available

Cabling entries x 3 (3/4"NPT or M20)

Optional IP65 weatherproof back box

Material

Steel Gong
